Lone Wolf Patrons,

We had been able to have a 4 day school week for several years and I have always felt that it had the support of the community. That opportunity is endangered at this time.

Senator Stanislawski has introduced a bill that will take away any opportunity for schools to have a 4 day school week. His bill would remove all language from the law that had anything but 180 days in it.

I am attaching the senate education committee members and a list of senators and phone numbers. If we stand a chance to keep a 4 day school your support is absolutely necessary at this time.

Please help,

James Sutherland
