Parent(s):

Attached are your child's April 2018 OSTP results. At Lone Wolf Public Schools our teachers strive diligently to improve test scores each year. Your child is more than just a test score but these scores are often linked to college and career readiness beyond high school.

Parents can further look at their child's result on-line at the following link. 5<sup>th</sup> grade parents may even view/compare April 2017 results at this site too.

Three simple proven ways you can help improve your child's testing results each year –

- Have your child at school on time and well rested daily (unless fever or vomiting)
- Have your child spend time reading Accelerated Reader books at home
- Make sure your child completes their homework each night

With parents, students, and teachers working together we can accomplish great things!
